# Cuprins

Research on financing programmes for car fleet renewal
**RADU Maria-Diana**..... 1

Analysis and development of a metallic elements production company
**NECULCEA Gabriela** ..... 6

Analysis of the performance of a commercial society based on the profit account and loss evolution
**PĂUN Andreea-Alina**..... 12

The management and improvement of the administrative process of the ensemble of references within vehicle development projects
**TUDOSE Elena**..... 18

Research on the provision of vocational education and training for disadvantaged categories and on the training of young entrepreneurs
**POPA Bianca Alexandra**…….....…. 24

Economic analysis of a product made by additive manufacturing
**BĂJĂNARU Elena-Georgiana, LAZĂR Anamaria-Simona**..... 30

Optimization of a business management system
**ABUAYYASH Hosni, IBADOF Alin-Gabriel** ..... 36

Financial-accounting diagnosis and measurement of performance indicators for an IT business
**DRĂGAN Silviu-Daniel**..... 42

Modeling of ultrasonic chains with torsional vibrations for various applications
**ȘOAGHER Ionuț-Ovidiu, CREȚU Raluca** ..... 48

Development of an online platform for measuring available parking spaces near a location
**VLĂDOI Vasile-Bogdan**..... 54

Modeling and simulation of a process of nanoholes electrical discharge machining
**BĂZĂR Diana, DUMITRU Steluța, DOGARU Adrian** ..... 60

Optimization and technological validation of process turning by cam simulation with the manufacture module of the Autodesk Fusion 360
**POPONETE Ștefan-Mădălin**..... 66

Studies on modeling, simulation, 3D printing and optimization of a manufacturing equipment
**IORGA Alexandru, RADU Daniel Marian, RĂDULESCU Alexandru**..... 72

Optimization and technological validation of turning operations from process by simulation CAM with the HSM module of Autodesk Inventor
**BANU George-Sebastian**..... 78

Preliminary studies regarding the utilization of a Lidar system for obstacle detection
**ENACHE Andrei-George, BOSOC Vlad-George**..... 84

Modeling and simulation of a microfluidic device for leukocyte analysis
**CÎRSTINA Maria-Mihaela, DECA Anca-Loredana, NEACȘU Alexandru-Ionuț**..... 90

Research regarding the anatomical modelling of a wrist orthosis for 3D printing application
**IONESCU Raluca** ..... 96

Study on aided design of complex products
**BARBU Georgiana-Cristina, RĂDUCANU Florian**..... 102

Analysis and development of assembly operations for automotive engines
**CONSTANTINESCU Mihaela-Cătălina, UȚICĂ Nicoleta-Georgiana**..... 108

Analysis and development of technological devices integrable into CNC systems
**BĂCIOIU Mihaela-Roxana, MIERLIȚĂ Iulia-Sorina**..... 114

Analysis and development of the Dacia dashboard
**TOMESCU Gabriel-Ionuț, MACOVEI Marius-Ștefănel**..... 120

The use of generative design and topology optimization in CAD environment
**ȘCHEAU Dumitru**..... 126

Study on the concept of timeless design
**SANDA Simina Mihaela**..... 132

Research regarding the use of structural optimization in the product design process
**CREȚA Gheorghe-Cosmin**..... 138

New trends in the development of titan-based biocompatible alloys
**IUGA Ana-Cristina**..... 144

Research on internal cylindrical honing of long holes
**RUSU Iulia Roxana**..... 150

Research on additive manufactured molds for polymeric products
**UȚĂ Mihai-Gigi** ..... 156

Target positioning systems for laser acceleration experiments of electron and photon beams
**MIHALCEA Alexandru**..... 162

Research regarding resin transfer molding of polymer composite products using ultrasound
**VĂLIMĂREANU Beniamin-Constantin** ..... 168

Constructive solution for polystyrene cutting
**LAZĂR M. Marius, BULGARIU G. Gabriel Florin, DARIE D. David-Hariton**..... 174

Feed system for electrochemical microprocessing
**TÎRTEA Bogdan-Alexandru, BUZEA Silviu-Petrișor**..... 182

Brake disc with differential progressive microgeometry
**MIHAI Sabin, IAMANDI Alexandru, PĂTRAȘCU Valentin**..... 190

Mobile aggregate for the supply of environmentally friendly dielectric liquids at EDM
**POPESCU Oana-Cornelia, DRAGOMIR Marian-Ionuț, ROȘU Domnica-Hristina, PÂRLEA Iulia-Bianca** ..... 198

Robotic device - robotic talking hand (RTH)
**PELTEA Cristian, PAVĂL Costel, AIRINEI Mihai, ȘERBAN Elena Iulia**..... 206

Sorting robotic arm for Industry 4.0
**BOUDER Arthur, LE STANC Maxime**..... 214

Modular equipment for electrochemical deburring
**ENE Gabriela-Marina, COȚOFANĂ Alexandra-Daniela, SAVU Laurențiu**..... 222

Bottle manipulator with vacuum gripper
**CARUSO Noemi, DIACONU Britany, LABANCA Nicoletta Annetta**..... 230
